Hay House Inc. Paperback. Book Condition: new. BRAND NEW, Communication with All Life: How to Understand and Talk to Animals, Joan Ranquet, Although "Communication with All Life" is about animal communication, it isn't just a how-to book, but a guide that will help you discern how much you're already exchanging feelings, words, and pictures with your pet. Woven throughout the book are many stories to illustrate and support the theory that animal communication isn't something that you do or need to learn. it just is. By tuning in telepathically, Joan Ranquet has helped thousands of people and animals deepen their connections with each other, resolve behavioural problems, assist in the process of death and dying, and examine issues surrounding illness and accidents. Many of the situations that are dealt with throughout the book are actually people-perception problems rather than stories of an ill-behaved dog, cat, horse, bird, or other pet. "Communication with All Life" illustrates how to move past the emotional patterns that create unwanted behaviour and ultimately demonstrates that animal companions give humans the opportunity to enact leadership and responsibility in their thoughts and feelings to ensure harmony at home.
