Vagueness and Contradiction (Paperback)

By Associate Professor of Philosophy Roy A Sorensen

Oxford University Press, United Kingdom, 2004. Paperback. Book Condition: New. Revised ed.. 213 x 137 mm. Language: English . Brand New Book ***** Print on Demand *****.Did Buddha become a fat man in one second? Is there a tallest short giraffe? Epistemicists answer Yes! They believe that any predicate that divides things divides them sharply. They solve the ancient sorites paradox by picturing vagueness as a kind of ignorance. The alternative solutions are radical. They either reject classical theorems or inference rules or reject our common sense view of what can exist. Epistemicists spare this central portion of our web of belief by challenging peripheral intuitions about the nature of language. So why is this continuation of the status quo so incredible? Why do epistemicists themselves have trouble believing their theory? In *Vagueness and Contradiction* Roy Sorensen traces our incredulity to linguistic norms that build upon our psychological tendencies to round off insignificant differences. These simplifying principles lead to massive inconsistency, rather like the rounding off errors of calculators with limited memory. English entitles speakers to believe each tolerance conditional such as those of the form If n is small, then $n + 1$ is small. The conjunction of these...

Reviews

This is actually the finest ebook i have got study till now. I actually have go through and that i am sure that i am going to likely to read once again once again later on. Its been developed in an extremely straightforward way and is particularly simply soon after i finished reading through this ebook through which actually modified me, change the way i really believe.
