This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.In this stunning narrative author Don Rohrer shows that the explosive geo-political drama of the JFK killing was actually written into the future pages of history by the prophets, and some 2,000 years ago in the Revelation. This story is told as a movie in real time, yet stretches back to the lonely island of Patmos some 2,000 years ago where the prophet John saw the future opened in the visions he received in the Revelation. The assassination of President John F. Kennedy, on a dangerous curve in Dallas Texas on Nov 22, 1963, some fifty-one years ago now, was not just another political drama.
