Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Dr. Richard Rowe, Vice President of the American Institutes for Research, provided helpful support and guidance throughout the project and was an invaluable technical resource for all project staff. Geoffrey Beane assisted in the development of this report and in data collection. Dr. James Dunn, Executive Research Scientist at the American Institutes for Research in Palo Alto, California, prepared the section on national trends for this report. Nina Green, Barry Kahn, Richard Fudge, Wes Profit and James Tewhey all played significant roles in data collection. JoAnn Fiske is largely responsible for supervising the reports production. We are particularly grateful to all of the middle school principals, teachers, and counselors who willingly gave of their time to cooperate with project staff. Ralph Clampitt, Director of the Vocational Remedy Component of the Esaa Department, provided continual support and helpful feedback. James Mahoney, Assistant Director of Vocational Education and Industrial Arts, Aurelia Kelley, Director of Home Economics, and Daniel Kearns, President of the Middle School Principals Association, all provided assistance in procedural arrangements and invaluable insight into areas of concern. We sincerely hope that this document provides the guidelines for change that these individuals and their associates are so interested in addressing. Laura Saunders, representing the Bureau of Equal Educational Opportunity of the State Department of Education, was an excellent sounding board for ideas, and...
