Reviews

An incredibly great book with perfect and lucid answers. Better then never, though i am quite late in start reading this one. You will not sense monotony at whenever you want of the time (that's what catalogues are for relating to if you question me).

(Nannie Lindgren Jr.)

REBELS & DEVILS: THE PSYCHOLOGY OF LIBERATION

The Original Falcon Press. PAPERBACK. Book Condition: New. 1935150340 Third Revised Edition "When he put the gun to my head at 16, I left home." So begins Christopher Hyatt's "Prologue" to this remarkable book. *Rebels & Devils* brings together some of the most talented, controversial and rebellious people of our time. Many, such as Timothy Leary, William S. Burroughs, Robert Anton Wilson, Osho and Aleister Crowley, are world-famous. Other contributors, such as S. Jason Black, Joseph Matheny and Peter J. Carroll, though highly accomplished in their own fields, are not as well-known. Still others are lesser-known -- for now. But, every contributor, in every article, in every aspect of their lives, has had but one focus: to bring freedom to their world. In all of human history, the essence of the independent mind has been the need to think and act according to standards from within, not without: To follow one's own path, not that of the crowd. Inevitably, it follows that anyone with an independent mind must become "one who resists or opposes an authority or established convention": a rebel. Usually rebellion is done so quietly that no one notices. But, when others -- especially others with power -- recognize an individual's 'disobedience,' the rebel becomes the REBEL. And, if enough people come to agree with -- and follow -- the REBEL, there becomes a DEVIL. Until, of course, still more people agree. And then, finally, there is . GREATNESS.
