Check with the seller prior to purchase. -- The most trusted general chemistry text in Canada is back in a thoroughly revised 10th edition. General Chemistry: Principles and Modern Applications is recognized for its superior problems, lucid writing, precision of argument, and precise and detailed treatment of chemistry. Its innovative pedagogical features, which encourage students to understand, apply, and synthesize content, reinforce the principles of general chemistry and provide the ideal platform for later studies. The new tenth addition boasts a number of improvements, including expanded coverage of organic chemistry, as well as a consistent 3-part structure (Analyze - Solve - Assess) for every worked example. All of the student-favourite, pedagogically rich elements of this textbook have returned in the tenth edition with renewed focus,...
