Mathematics and the Unexpected (New edition)

By Ivar Ekeland

The University of Chicago Press. Paperback. Book Condition: new. BRAND NEW, Mathematics and the Unexpected (New edition), Ivar Ekeland, "Not the least unexpected thing about "Mathematics and the Unexpected" is that a real mathematician should write not just a literate work, but a literary one."-Ian Stewart, "New Scientist" "In this brief, elegant treatise, assessable to anyone who likes to think, Ivar Ekelund explains some philosophical implications of recent mathematics. He examines randomness, the geometry involved in making predictions, and why general trends are easy to project (it will snow in January) but particulars are practically impossible (it will snow from 2 p.m. to 5 p.m. on the 21st)."- "Village Voice".

Reviews

Without doubt, this is actually the greatest function by any article writer. It is among the most amazing publication i have got read. Its been printed in an exceedingly basic way in fact it is simply after i finished reading through this publication where in fact changed me, change the way i believe.
