Reviews

This book is definitely not effortless to start on reading through but extremely fun to learn. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.he following sketches, like the Ways of Wood Folk, are the result of many years of personal observation in the woods and fields. They are studies of animals, pure and simple, not of animals with human motives and imaginations.Indeed, it is hardly necessary for genuine interest to give human traits to the beasts. Any animal is interesting enough as an animal, and has character enough of his own, without borrowing anything from man--as one may easily find out by watching long enough.
