

Measuring basic and common instrumentation tutorial(Chinese Edition)

Filesize: 1.4 MB

Reviews

Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Sallie Wiegand)

MEASURING BASIC AND COMMON INSTRUMENTATION TUTORIAL(CHINESE EDITION)

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date :2012-09-01 Pages: 139 Publisher: Tianjin University Press title: measuring basic and common instrumentation tutorial original price: 20 yuan Author: Zhang Zhigang. Wang Yu. Yu Wen editor Publisher: Tianjin University Press Publication Date :2012-9-1 ISBN: 9787561844731 Words: 231.000 yards: 139 Edition: 1 Binding: Paperback: 16 Product size and weight: Editor's Summary measurement technology basics to master and commonly used instrument instrument familiar with the key to the smooth development of engineering practice and research activities. For building environment and equipment engineering. Measurement technology plays an important role in the acceptance of the actual project. run adjustment process. Curriculum system. the course is a key link Contact theoretical knowledge with practical application. Zhang Zhigang. Wang Yu. Yutian edited measuring base and commonly used instrument instrument tutorial incorporated into the building environment and equipment engineering. thermal energy and power engineering professionals involved in measuring technology foundation. incorporated the temperature. pressure. flow rate. flow and thermal measurement parameters commonly used test methods and measuring instruments. indoor environmental pollutants measurement instrumentation and building sound and light environment measuring instruments. Laid the foundation for the smooth development of the professional experimental teaching content. Contents Chapter 1 measurement error analysis measuring 1.1 Overview 1.3 significant figures of 1.2 measurement error indicators of the quality of the instrument and its calculation rule 1.4 direct measurement system error analysis of the the 1.5 direct measurement of random error analysis error integrated 1.7 1.6 direct measurement 2.3 In linear regression of the general method of discarding 2.2 Experimental data processing of the the indirect measurement error comprehensive experimental data of Chapter 2 to collate 2.1 suspicious data 240 one yuan polynomial regression 2.5 multiple linear regression analysis...
