paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 397 Language: Simplified Chinese Publisher: Chemical Industry Press; 1st edition (January 1, 2007). Book starting from the easy self-study and practical application. with the necessary and sufficient for the degree. to strengthen the basis of theory and engineering training to improve the ability to analyze and solve practical problems of the chemical for the purpose. The book is 17 chapters. introduces the thermal cracking of ammonia. commonly used inorganic chemical fertilizers. basic inorganic acids and bases. as well as hydrocarbon cracking gas purification and separation of hydrocarbons by catalytic hydrogenation. dehydrogenation and hydrocarbon halides such as typical chemical reaction principle. process reviewed the selection of operating conditions. choice and response equipment. The chemical process book applies to all types of vocational professional use. but also for the related professional selection. Contents: Preparation of this chapter to learn the first chapter of the ammonia synthesis feed gas requirements of Section 1 solid-fuel gasification. two of the basic principles of solid fuel gasification system to take semi-water gas industrial. intermittent gas method of raw coal consumption analysis Section II the steam reforming of hydrocarbons. chemical reactions of gaseous hydrocarbon steam reforming of methane steam reforming reaction thermodynamics. methane steam reforming reaction kinetics of hydrocarbon steam reforming catalyst V. industrial production methods section III of heavy oil partial oxidation of heavy oil gasification the basic principles of the heavy oil gasification process conditions. process thinking of the major equipment exercises the second ammonia synthesis feed gas purification in this chapter to learn the requirements of Section 1 raw gas desulfurization. dry desulfurization two. wet FGD transform a section II of carbon monoxide. two of the basic principles of the...
