By International Schools

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1900 Excerpt: . the railroad-tracks, and the ground is comparatively level, with the mine outlet near the trestle. In this figure, which shows a plan of the outside arrangements, with an elevation of the trestle and a cross-section of the trestle at the knuckle, the mouth of the slope is shown at 1, with an extension of its grade to a point high enough for a trestle with height enough above the railroadtracks for the tipple. The scales are shown on the trestle platform at, directly over the engines 4, and the dumps are shown at 3. The boiler house, with coal-bins in front, is shown at 5. The compressed-air or electric plant is shown at 8. The tank for water-supply is shown at 10, and the watersupply pipes are shown thus. The wash-house is shown at 11, the mine office at 12, and the lamp house at...
