Professor of Pathology in the Cooper Medical College of San Francisco, etc. Third Edition, Revised and Enlarged. Illustrated. New York: E. B. Treat. ISM Price, \$2.75. IT The author has given us, in this book, a general outline of medical diagnosis. The work is systematically arranged, and the author's remarks are brief, concise and clear. There is no attempt made at elegance in style, nor is there any space taken up with the discussion of disputed theories, the author contenting himself with the plain statement of established facts. This, the third edition, has been revised and enlarged by the addition of many synoptic tables, and a chapter...
