The role of information and communication technology in the management of selected secondary schools in Central Uganda

By Abdallah Ziraba

GRIN Verlag Dez 2012, 2012. Taschenbuch. Book Condition: Neu. 210x148x5 mm. This item is printed on demand - Print on Demand Neuware - Master's Thesis from the year 2012 in the subject Pedagogy - Media Pedagogy, , course: Masters of Education In information and Communication Technology, language: English, abstract: The study was about establishing the role of ICT in the management of secondary schools in selected schools of Central Uganda with particular interest on the role of ICT in enhancing effective financial management, the effect of ICT on examination management; setting, testing, record keeping and grading system and the role of ICT in enhancing effective communication in selected secondary schools in central Uganda. The study was prompted by the realization that management in many secondary schools in Uganda was characterized by inefficiency in the areas of financial management, examination management and dissemination of information in schools which had resulted into declining academic standards yet schools had ICT facilities that could enhance effective management. The study was carried out in selected secondary schools in Central Uganda. I used a cross sectional survey design in this study and I collected data using semi-structured survey questionnaires, interviews and observation. I logically analyzed Qualitative...
