Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. The book Energy Concepts In Vastu Shastra answers the question---how healthy living with environmental energies is possible When one turns his inquisitive eyes towards the collective physical existence embodied in the flawless cosmos, he finds himself convinced that human being is part of an elaborate grand plan. The environment of this planet, its vicinity, and the whole universe functions as one cohesive unit, which is governed by well defined set of unfaltering natural laws and rules. When someone, by mistake or due to ignorance, tries to defy such inherent balance and harmony of energies, interacting with matter and thereby the natural laws, the resulting outcome inevitably becomes disastrous. Human race, from distant past dwelling in different parts of this planet had observed, studied and reached on the conclusion that a relationship exists between energy (Chi), balance and human health; thus, accordingly they devised such laws and rules so that they may be benefited from this knowledge, viz. using positive energies and containing negative energies. They had even chosen and selected sites on the basis of the presence of positive directional energies. On these observations Vastu Shastra and the like disciplines were developed in the distant past. These disciplines in the present context may be put as a branch of Environmental Science.
