This item is printed on demand - Print on Demand Neuware - Nowadays, it has been absolutely strict that the cruelly competing situation due to the budget controlling programs in the healthcare markets. To survive, hospitals enhance efficiency and high quality of operations to cope with the challenges by applying strategies. How strategies increasing performance in hospitals become the serious questions for discussion. This book, therefore, illustrated information systems fixed to business strategic activities, called strategic alignment of IS for short, to up performance as did as manpower, lands and finance etc. It integrated (1) developing a strategic alignment framework, (2) developing strategic alignment constructs, (3) empirically testing the model within the mediation perspectives, (4) data surveyed in Taiwan has analyzed in using the variance-based analysis and multiple regression method and (5) examining the links mediating the performance. For the professionals and executives in healthcare administration and strategy management fields, this book led them more sense in directing business strategies and operations based on strategic alignment of IS rather than functions of IS for performance in hospitals. 132 pp. Englisch.
