paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 206 Publisher: Southwest Jiaotong University Press Pub. Date :2007-10-1. In this study, preparation of teaching materials based on my smart electromechanical control of mechatronic systems development status of mainstream technology. an intelligent development and application of mechanical and electrical equipment The main technical elements of the module. students step by step to the basic operational capability. integrated design capability and innovative practical purposes. a compilation of field bus technology. single-chip embedded development technology. electromechanical integration technology and PLC industrial control technology. This book has the following characteristics: experimental technologies have advanced. Such as the development and application of the CAN fieldbus. low-power single-chip embedded development technology and PLC networking technology. The actual industrial R & D has a strong draw of. The materials in the experiment with the combination of the actual system development. the introduction of a mature case. can be slightly modified to solve practical problems of research and development program. Reference sample rich. The experimental materials are basically related to the reference code. students can experiment in vivo on the basis of a reasonable extension to meet their individual experimental requirements. Note that the basic cognitive experimental verification experiment with a combination of integrated innovation. Textbooks have carried out a lot of content is more than personality. innovative experiment requires students to prepare. these experiments can improve student mastery of knowledge and practical ability to apply innovation and development capabilities. Contents: Chapter 1 Overview 1.1 iCAN CAN bus experimental platform for experimental development of teaching modules Profile 1.2 iCAN About 1.3 CANALYST-Analysis 1.4 USBCAN About 1.5 iCAN interface card test software experiments related to the implementation of Profile 1.6 iCAN About 1.7 iCAN Introduction...
