

Forestry and Biodiversity: Learning How to Sustain Biodiversity in Managed Forests

By Fred L. Bunnell, Glen B. Dunsworth

University of British Columbia Press. Paperback. Book Condition: new. BRAND NEW, Forestry and Biodiversity: Learning How to Sustain Biodiversity in Managed Forests, Fred L. Bunnell, Glen B. Dunsworth, As global demand for forest products increases, conserving biodiversity has become more urgent and challenging. "Forestry and Biodiversity" advocates adaptive management - a structured approach to learning by doing - to sustain biodiversity in managed forests. It draws on the theory and principles of conservation biology and forest ecology and illustrates them, and the challenges they pose, through a practical, real-world study of commercial forestry in a coastal temperate rainforest. This book will be of interest to those who plan, or hope to influence, forest practices and the future of the environment.
