Brand New Book ***** Print on Demand *****.Excerpt from Common Sense on Chronic Diseases: Or, a Rational Treatise on the Mechanical Cause and Cure of Most Chronic Affections of the Truncal Organs of Both Male and Female Systems, Embracing the Author s Views on Physical Education, and the Present Popular System on Artificial Life The Author simply means by the title of this work, that the principles of the book directly address the common sense of all, as being either palpably true or erroneous. The quaint, or what some may consider the too common style and expression of the work has been intentional, so that through it, while the medical proficient can of course understand, the quite common reader may be brought to feel confidence in his own judgment on the reasoning, though he could not, did it assume a higher style of address and expression. To this end, technical terms have been avoided, as far as could well be, and when indulged in, generally explained. Our general design has been to instruct the people, and make suggestions only to the medical profession. The...
